

## 2021 SOUTHWEST SHOOTOUT

Three great days of sun for this years' Southwest Shootout Lefty-Partner Golf Tournament. The tournament was sandwiched between a regional NCAA tournament and the U.S. Open Qualifier so greens were fast and smooth with fairways in great shape. Can't complain about that.

Day money and skins were paid out for the first two days and KPs for all four par threes for all three days. This year's placement money went to four different teams and skins money was paid out to six different teams. KPs were paid out to five different teams.

Don Lightburn (left) and Scott Blank (righty partner) from Albuquerque repeat as Low Gross Champions.

Pat Brown (lefty) and Mike O'Brien (lefty partner) from California, 1<sup>st</sup> Low Net.

Special awards for both first place categories were (as our signature prize) replica 1851 Confederate Navy Colt .44 caliber black powder pistols.

This year the tournament paid two places in both categories. 2<sup>nd</sup> Low Gross went to Dalton/Avelar and 2<sup>nd</sup> Low Net went to Schnabel/Griffin.

Thanks to all the participants this year and the many sponsors, who were it not for them the Shootout would not exist. We worked hard to pull this together after the cancellation of the tournament last year. But we did have a couple of new participants for this year and hope that next year will bring back some of our friends that were relegated to home stay due to the pandemic restrictions.
